

Madhav Reddy Nalla

student

✉ madhavnalla21@gmail.com ☎ 7989026208 ⬇ Hyderabad

Profile

A highly motivated and detail-oriented Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning, with strong proficiency in Python, SQL, Power BI, and Full-Stack Web Development. Skilled in data analysis, problem-solving, and building intelligent solutions using advanced algorithms and predictive modeling. Experienced in leading teams and collaborating effectively, with proven communication, adaptability, and critical-thinking skills. Passionate about leveraging AI and data-driven approaches to create innovative and impactful solutions in real-world applications."

Education

CSE, B.TECH, TKR COLLEGE OF ENGINEERING & TECHNOLOGIES HYDERABAD

- CGPA - 7.68(as of now 4-1)
- no active backlogs

INTERMEDIATE, NARAYANA JUNIOR COLLEGE HYDERABAD

- Percentage-98.1%

Skills

Technical

JAVA, PYTHON,SQL GIT, GITHUB WEB DEVELOPMENT
AIML

Non Technical

Problem Solving Team Collaboration Time
Management Adaptability and Ability to Learn
Quickly

TESTS & LANGUAGES

- Planning to take IELTS and
German a1

Projects

E-commerce Login and Store Page, Stack: HTML, CSS, JavaScript

- Designed an interactive E-Commerce website featuring login authentication and a store page.
- Enhanced user experience by displaying personalized recommendations based on reviews and ratings.

Crop recommendation With XAI, an ML-powered crop recommendation model using soil and environmental data, improving decision-making for farmers. Incorporated XAI methods to clearly interpret feature importance and ensure trust, transparency, and usability.

TARGET MASTER'S SPECIALIZATION

- Artificial Intelligence & Machine Learning
- Data Science
- Computer Science-related Programs
